

Individual/Trail Reports Are Important

Reports are vital to our organization. When the data is gathered and analyzed, it allows us to know the health of our bluebird population. It tells us where we have been successful and where we need to do more work. We need to know your statistics whether you have fledged hundreds of bluebirds or none at all. Please take the time to completely and accurately fill in your report form.

Reports are due by **December 1, 2019**

To report your results online go to our website: <http://bbrp.org/report-forms/>
